(6) From subsection (e)(3) because the requirements thereof would constitute a serious impediment to law enforcement in that they could compromise the existence of an actual or potential confidential investigation and/or permit the record subject to speculate on the identity of a potential confidential source, and endanger the life, health or physical safety of either actual or potential confidential informants and witnesses, and of investigators/law enforcement personnel. In addition, the notification requirement of subsection (e)(3) could impede collection of that information from the record subject, making it necessary to collect the information solely from third party sources and thereby inhibiting law enforcement efforts.
